

Crowned crane, p2

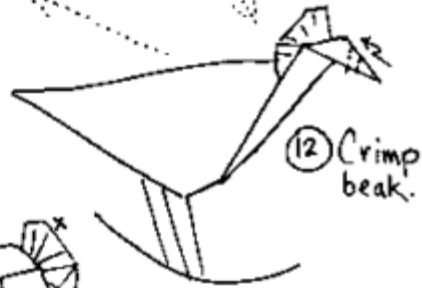

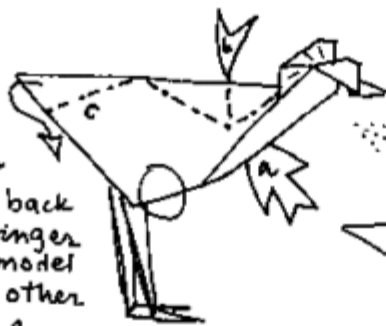

- 10  
 a) Pre-crease.  
 b) MTF while folding a's creases into an ORF.

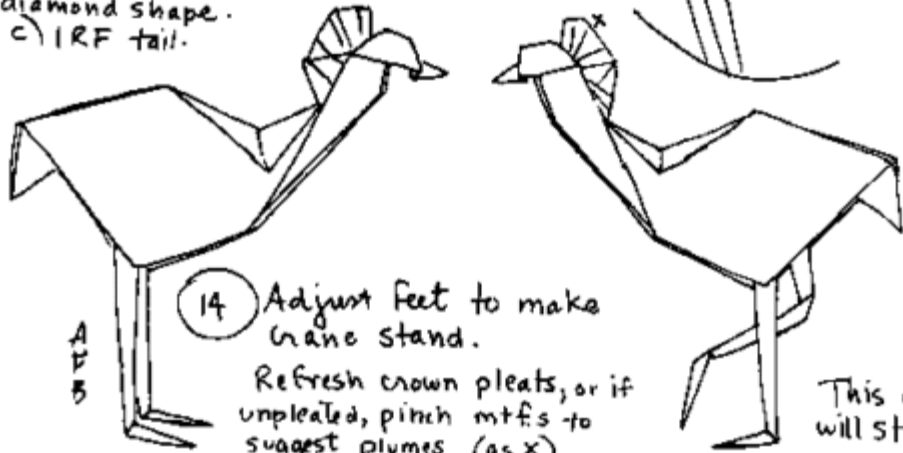

- 11  
 a) ORF.  
 b) Foot fold both feet.

- 13 Push thumb into model at a + press down on back (b) with forefinger while holding model at circle with other hand. Indent a diamond shape.  
 c) IRF tail.

- 12 Crimp beak.

- 14 Adjust feet to make crane stand. Refresh crown pleats, or if unpleated, pinch mtf's to suggest plumes (as x).

This crane will stand, too.
