Joshua 3-6

There are some things missing from this picture. Can you draw them in?

Can you match the clues with the mixed up words in the boxes? When you're done that, number them to show the right order.

The people did this when the trumpets were blown.

The priests blew these.

The people walked round in.

The Israelites captured this city.

Some of these carried the ark of God.

An angel told Joshua to take these off.
