In 19th century Paris, an opera company led by a talented yet vain soprano puts on productions in a gorgeous theater. But strange happenings frighten both the singers and the opera's young ballet dancers. A note is found telling the owners to replace their star with the talented but untested chorus girl, Christine, signed "OG." The Opera Ghost! Will they obey the instructions of the Phantom—or refuse and risk his wrath? Audiences love this eerie Broadway show, which features an underground lagoon and a chandelier that crashes down from the ceiling.
