

# FLAG OF MEXICO

## Addition & Subtraction

1. Add or subtract the numbers in the picture. Color each area of the picture with the color that matches the answer:

The illustration is divided into three vertical panels. The left panel contains five irregular shapes with the following arithmetic problems:  $2-1$ ,  $6-5$ ,  $8-1$ ,  $4-3$ ,  $5-4$ ,  $1+0$ , and  $10-9$ . The central panel features a detailed drawing of the Mexican coat of arms (an eagle perched on a cactus with a snake) and has several arithmetic problems overlaid on it:  $3+0$ ,  $8-5$ ,  $9-8$ ,  $8-7$ , and  $3-2$ . The right panel contains five irregular shapes with the following arithmetic problems:  $2+0$ ,  $6-4$ ,  $10-8$ ,  $5-3$ ,  $9-1$ , and  $1+1$ .

*Green 1*

*Red 2*

*Brown 3*

*Orange 4*

2. Cut out your colored flag and glue it to a stick or straw.
