

ZOO  
NEW ENGLAND

There's so much to do  
at the zoo!

**BAIRD'S TAPIR**  
at Franklin Park Zoo

- ⇒ The Baird's Tapir is the largest species of tapir.
- ⇒ Tapirs use their long snouts like a snorkel to hide under water.
- ⇒ Babies are brown with white spots and stripes, but this protective (and adorable!) camouflage fades away as they grow.
