

Gee, Great Glorious G. Gold glitters and glows. Gems are gorgeous. Green can be glossy or gross. Draw a lot of g words and color them with different colors of green.

Growl for G. Kids love to growl like tigers or lions, so here's their chance. Read a favorite story with them. Have them follow along with every word. Whenever they spot a G, ask them to growl. Then feed the hungry creature g foods, such as green grapes and grainy granola.
