Love Story - Taylor Swift
Romeo save me, they try to tell me
how to feel This love is difficult, but it's
just say yes Oh, oh, oh
'Cause we were both
young when I first saw you We were
of town, and I said Romeo save me I've been feeling
just say yes Oh oh I got tired of waiting Wondering if you're ever coming around My faith in you is fading When I met you on the outskirts of town, and
I love you and that's all I really
save me I've been feeling so
We were both young when I first saw you I close my eyes
and the flashback starts I'm
standing there On a balcony
in summer air See the Lights See the Party, the ball gowns I see
you make your way through the crowd And say hello, little did I know That you were Romeo, you were throwing pebbles And my daddy
said stay away from Juliet And I was crying
real Don't be afraid, we'll make it
out of this mess It's a love story baby
there's left to do is run You'll be the
prince and I'll be the princess It's a love story baby just say
yes Oh oh I got tired of waiting Wondering if you're ever coming around My faith in you is fading
on the staircase Begging you please
don't go and I said Romeo take me some
where we can be alone I'll be waiting all
so alone I love you and that's all there's left to
your way through the crowd And say hello,
Juliet And I was crying
somewhere we can
waiting all there's left to
love story baby just say
yes Oh oh I got tired
I'll be the princess It's a love story baby just say
on the staircase Begging
dress It's a love story baby
