# Color by **SIGHT WORDS**

all      be      did      our      she

The main illustration is a large black and white line drawing of a smiling girl's face. The face has large eyes, a wide smile, and a few freckles. The drawing is surrounded by various shapes representing leaves and clouds. The words 'all', 'be', 'did', 'our', and 'she' are scattered throughout the drawing, appearing in different orientations and sizes. The words are placed within the outlines of the shapes, creating a busy pattern for coloring.
