

The Big Gay Alphabet Coloring Book / Jacinta Bunnell & Leela Corman

LGBTQP people are not the other. We are some of your favorite crayons in the box, yet sometimes we have been hiding. Come find us! We're in secret places all around Kingston. Over the O+ Festival weekend, encourage the Big Gay Alphabet in its transformation from black and white to all the colors of the rainbow. Let this be a community coloring project, an exuberant scavenger hunt with crayons. Visit queerbookcommittee.com for a complete list of locations. Share your photos with us! #BigGayAlphabet
