

Plant and animal cells have many common parts, but a few are unique to plant cells. Do you know which parts are different? To learn more about cells, visit <http://askabiologist.asu.edu/explore/building-blocks-life>

Color and label parts:

- |          |           |
|----------|-----------|
| 1. _____ | 9. _____  |
| 2. _____ | 10. _____ |
| 3. _____ | 11. _____ |
| 4. _____ | 12. _____ |
| 5. _____ | 13. _____ |
| 6. _____ | 14. _____ |
| 7. _____ | 15. _____ |
| 8. _____ | 16. _____ |
