

Leap Year Facts

10 Fun Facts About Leap Years!

Leap years help keep our seasons aligned with the calendar year, preventing them from drifting out of sync over time.

Bachelor's Day, a day when women can propose to men, occurs only in leap years.

Some cultures refer to leap years as "doom years," but in reality, they're just like any other year, with their fair share of ups and downs.

There's even an honor society dedicated to leap year day babies, called the "Honor Society of Leap Year Day Babies".

4 million people in the world are leap-day babies.
