

Palestinian flag

Adopted in in 1993.

The flag is a tricolor of three equal horizontal stripes (black, white, and green from top to bottom) overlaid by a red triangle issuing from the hoist. These are the Pan-Arab colors. The flag is almost identical to that of the Baath Party, and extremely similar to the flags of Jordan, and Western Sahara, all of which draw their inspiration from the Arab Revolt against Ottoman rule (1916–1918).
